Dear Brothers and Sisters in Christ,

I can't believe that we are already one month into the New Year! Thank you for your faithful support and prayers for our family and ministry throughout 2019. Thank you for the thoughtful cards, E-cards, emails and packages that were sent to us over the Christmas season and for Maureen's birthday.

Ministry: 2019 was a different year for the church here. It seems as though we had a greater number of people move away due to the economic situations and, for some of our International members, their time here was only temporary anyway. This meant that our overall numbers were down somewhat, but God has brought some new people into our assembly and it is exciting to see them growing and serving.

Over the Christmas season, we hosted a Christmas party at the Church following one of our Sunday services. We enjoyed a time of reflection on the meaning of Christ's coming and also enjoyed a pot-luck feast followed by some other activities. The highlight for us were the 5 first time visitors who attended. Last Sunday, two ladies who visited us for Christmas returned. They are from China and are not born again. The one lady has been joining us in a Bible reading plan and has been asking several thoughtful questions about what she is reading. The other lady commented that the atmosphere at church and in our family has a joy that is not normal. Please pray that they would both come to a clear understanding of the Gospel and be born again.

Please continue to pray for souls to be saved and for hearts to be open to the Gospel. While nothing replaces personal interaction with people, we are seeing some good results from people viewing our videos on Facebook. Maureen typically assembles a video emphasizing one aspect of the Gospel and then links it back to the church website to a related article. This avenue is a way that people can anonymously learn more about the Gospel avoiding the social pressures. However, we ask you to pray that we have wisdom in this method of outreach and in being able to connect with people personally because of it.

Family: As a family, we have been blessed with good health, with the exception of the normal colds that come on occasion. Jessica (17) is closing in on the finish line for her 12th grade year and is contemplating the direction the Lord would have her take in the future. The other children are looking to finish the school year in March as well.

Thank you again for your faithful prayers and support. Your churches are in our regular prayers as well.

For His Glory,

Michael Sullivant, Jr. & Family
